

TTA

TUBACEX GROUP

7403 5" S/80 TTA LPS-304H R/XD 8108 FWA

TTA (Tubacex Taylor Accesorios SAU) was founded in 1972 as a Joint Venture between the Tubacex Group and Taylor Forge. It is located just 30 km from the Port of Bilbao. Since 1977, it has been fully integrated within the Tubacex Group. Our company is specialized in the manufacture of fittings for Fired Heaters and Furnaces for the petrochemical and refining industries.

PRODUCT INFORMATION

MANUFACTURING RANGE AND PROCESS

- > Butt Welding Fittings made of Carbon Steel, Alloy Steel and Stainless Steel, and Nickel-based Alloys.
 - Elbows.
 - Return Bends.
 - Concentric Reducers.
 - Eccentric Reducers.
- > Elbows and Return Bends in SR, LR and special radius.
- > Sizes range from 1 ½" up to 12" NPS, with wall thickness of up to 30 mm.

PRODUCT INFORMATION

MAIN GRADES & STANDARDS

STEEL	STEEL GRADES (ALSO IN THEIR EN EQUIVALENTS)
Austenitic	304, 321, 316, 347, 317, 31254...
Austenitic for High Temperatures	310, 309, 314...
Duplex and Superduplex	31803, 32750, 32760...
High Nickel	904L, Alloy800, Alloy825, Alloy20...
Alloy Steels	WP1, WP11, WP12, WP22, WP5, WP9, WP91...
Carbon Steel	WPB, WPL6...

Our suppliers of stainless steels are our sister companies in the Tubacex Group; so TTA is able to respond to the special chemical requirements in each project, in addition to the standard grades.

APPLICATIONS

- Fired Heaters, Furnaces and Reactors for the Petrochemical industries.
- Other equipment for Oil & Gas refineries, LNG facilities, etc.
- Industrial Boilers for Power Generation industries.

WHY TTA?

- Focusing on customer service and flexibility, we have a relevant and comprehensive stock of semi-finished fittings, in all sizes, steel grades and shapes. Furthermore, we stock raw materials, enabling us to meet fast and flexible delivery times in the supply of our products, which can also be delivered in small quantities.
- Our production process, know-how and QA & QC have enabled us to supply our products worldwide as part of some of the most important projects for new refineries or revamps in the petrochemical sector, our key market.
- We are certified in different AML, such as ExxonMobil, Total, Saudi Aramco, KNPC and Repsol, among others.
- Due to our integration within the Tubacex Group, our manufacturing capacity, in addition to the Group's range of pipes and tubes, offers our customers greater efficiency in their purchasing decisions.
